2. Sanction to the expenditure in the form of a formal Government Order through the Finance Department is necessary for record in the Audit Office. It may be pointed out in the order whether the charges are only special for the occasion or whether similar charges incurred in future may also be admitted in audit.

3. It is also a point for consideration whether this is not a new item of expenditure, not contemplated in the Budget, requiring sanction of the Legislature under rule 21(ii) of the Mysore Legislative Council Regulation ~~XIX~~ of 1923. The Finance Department may make this point clear.

Serial No. 11

The Comptroller specifically raised a somewhat similar issue in his report on the Audit and appropriation accounts for 1925-26. Vide para 32. But the Public Accounts Committee do not seem to have endorsed the view.

It is not the practice now to submit the Vote of the E.C expenditure on new services, not contemplated in the Budget to get the sanction of reappropriation; as it is difficult to say with exactitude what are new services what are expansion of old services, the present arrangement will have to continue, till the finition is changed by the P. A.C or the Legislature.

It may be taken as suggested in para 2 of the Comptroller's note.
